## Membership Fees:

Annual membership fees are applicable for all gymnasts participating in the above sessions except our Preschool Fun Sessions.

Taster sessions can be arranged in all sessions before committing to this annual membership. Should you wish to attend a session on a weekly basis after the taster has taken place, the membership will start the following week.

### Axis Trampoline & Gymnastics Club Membership:

Axis membership fees cover administration, paperwork, session and development planning to facilitate your participation within the club. This fee is collected annually by direct debit, running up to and including the end of September.

**COST: £15.00 per year for all disciplines except the drop-in Preschool sessions.**

### British Gymnastics Membership:

In addition, British Gymnastics Membership will require payment directly to them which (most importantly) gives you personal accident and civil liability insurance for participation in all our sessions. We will give you directions on how to do this when you join the club.

#### **Community Membership = £24.00 per year**

This level of membership is designed for **Recreational Participation Gymnasts** who only participate in club sessions weekly (including **Preschool Gymnasts** - who receive an automatic £6.00 discount), as well as **Recreational Competitive Gymnasts** who participate weekly and/or in club hosted events.

#### **Competitive Membership = £60.00 per year**

This level of membership is designed for **Competitive Gymnasts** participating in events where the rules have been set by a national technical committee (this would include ALL British Gymnastics Regional events including Club Cup and Regional Challenge Cup events).

#### **National Membership = £75.00 per year**

This level of membership is designed for **Competitive Gymnasts** participating in national level events (this would include English, League and FIG competitions), as well as gymnasts from the competitive membership band who qualify to a national final (such as qualifying to the Inter-Regional Challenge Cup Final - at which point this upgrade will be required). In the following year, they can enrol again at competitive level in case they don't qualify for a national final again.

## All the below classes do not require annual membership to British Gymnastics:
